To whom it may concern,

Dr. Jeff Selano has come to my place of business and provided mobile chiropractic services for many years. I appreciate that he comes to me and allows my employees to avoid missing work. My employees are very thankful for this added value as well. His cash price is cheaper than a copay and you don't have to make an appointment. For my company he came once a week for a couple of hours and all my staff had to do was walk down the hallway. As a business owner I think it's a brilliant idea and wish more doctors provided this kind of help.

Dr. Selano is now fully insured and licensed in Colorado. He does great work and has been practicing for over 2 decades. We were all sorry to see him leave Georgia, but our loss in your gain. You are lucky to have him. He provided this service here on the west side of Atlanta for a long time including helping out law enforcement here locally this way. I highly recommend him.
