Dear Dr. Selano,

I am writing to let you know how much my staff and I miss your service. The convenience of having a mobile chiropractic service, was just the beginning. The increased productivity, along with the great atmosphere provided by a happy less stressed staff, not to mention less time off going to doctor appointments, all made our lives so much easier. We just wanted to say thanks again and we will really miss your visits to the office.

Sincerely,

Tammie S. McCallie
