To whom it may concern,

This letter is for anyone interested in adding value for their employees by having a doctor of Chiropractic come to you so your employees can receive on site care. I have allowed Dr. Jeff Selano to come to the Paulding County Georgia Sheriff's Office for 7 years to perform Chiropractic services. This has been a great service to my staff in so many ways. They do not have to take time off work to see the doctor; he comes to us once a week for a couple of hours.

My employees really appreciate the "house call" that Dr. Selano provides so that we can receive quality care in house which increases productivity and decreases down time for missing work. Dr. Selano has family members in law enforcement and has supported us for over 2 decades.

I would recommend this mobile, onsite service that Dr. Selano provides, as we have been very pleased with the outcome for many years.

Best Regards,
